*****Special Note to the Community*****

We will begin each night at 6:30 PM. There will be two (2) Santas splitting the routes, so please be prepared. The streets listed above are the basic order we will follow each night but it may be slightly altered. Please remain at the roadside and Santa or his Elves will come to you. Please Do not approach the fire truck. You should hear us coming; we'll give a little notice, so be prepared, and please pardon our noise. While we perform these runs, we may, **at any time**, have to leave for an emergency call, please stay clear. Our tentative "make-up" date is Sunday 12/18, we will make every effort to get those we miss. Santa and his Elves must move swiftly so he can make it to all the good boys and girls, please understand our haste. Since 1890, we have remained an **all-volunteer** organization 24/7. So donations are graciously accepted.

We thank you for your tremendous support and hope you and your family will come out to see Santa Clause!
